Dear John and Friends,

Thanks to your kind generosity, the miracle of lives changing will continue into 2011 at Carpenter's Place! **Your donation of \$500.00 will provide the tools needed to help homeless men and women move from a life on the streets to a job and a home!** Thank you for making these life transformation miracles possible!

Also, donors who believe strongly in the life changes made possible at Carpenter's Place have pledged to match all donations received this December... up to \$95,000.00! **Therefore, your gift will have twice the impact!**

Be assured you will be in the daily prayers of our staff and the grateful men and women who become contributing members of our community because you cared enough to give. It means much to our homeless guests that people believe in them; it gives them hope and fires their determination to do all it takes to rebuild their lives!

Again, thank you for making miracles happen!  
We send you our deepest gratitude and warmest wishes for a beautiful Christmas!

Gratefully,

Lou Setter
