Northern Illinois Corvette Club  
c/o Mr. John Mink  
4130 Windy Ridge Trl  
Rockford, IL 61101

Dear very good friends of Rosecrance:

Thank you so very much for the wonderful gift of [redacted] that was hand delivered by Connie and David Baxter and John Mink last week. We are honored to receive your gift, and we are humbled by your generosity!

Your gift will help provide prescription medications for some of our men and women veterans who struggle with substance abuse and mental health disorders and are in treatment at our Rosecrance Harrison Adult Campus. This special program that gives priority to United States veterans opened last February and has served more than thirty veterans to date.

Some of these veterans do not have the ability to pay for the medications that are essential to stabilize their illness and give them the opportunity to learn to live their lives in recovery. Your kindness will help them finally find hope for lasting recovery.

Although you may never know these individuals, they will never forget your generosity, for your gift is truly a lifeline for them and their families.

On behalf of all of us at Rosecrance and the families we serve, we thank you and wish you a new year filled with many blessings.

With much gratitude,

*Phil*
